

Bridges Unit 2 Place Value Structures & Multi-Digit Computation

- *Base 5, 4, and 10 counting systems
- *Adding and subtracting whole numbers fluently within 1,000
- *Ways to represent numbers
- *Expanded notation (review)
- *Estimate, measure and compare centimeters
- *Rounding 2- and 3- digits to the nearest 10 or 100 (review)
- *Counting money (review)

Also...

- *Basic +/- fact fluency
- *Making change and counting it back
- *Telling time including elapsed time to the minute
- *Mental math strategies
- *Using estimation to check for reasonableness
- *Writing to explain
- *Making and understanding graphs (picture, bar, line, and line plot)
- *Measure temperature in °C/°F, length to the nearest $\frac{1}{4}$ inch, weight in pounds
